REQUIREMENTS AND INFORMATION

1. Site plan drawn to scale, showing accurate dimensions and all existing structures and easements.
2. A copy of the contract with the property owner.
3. Corner irons must be exposed. Inspections for irons and shed placement are required prior to approval.
4. If property is located in the 100-year floodplain, a permit from the Michigan Department of Environmental Quality may be required.
5. Sheds must be 10ft. from main house and/or attached garage, 3 ft. from side and/or rear lot lines. If there is an easement on side or rear, then it must be 1 ft. off easement.
6. 0 – 200 sq ft requires no concrete or footing (0-600 sq ft no foundation required if under 10' to eave). **Over 200 sq ft will need to follow Michigan Residential Codes and construction plans submitted.**
